Dear Friend,

Please join us in Rehoboth Beach to greet Senator Colin Bonini as he launches his campaign for the office of Delaware State Treasurer. Colin's Senate record of 14 years demonstrates that he is willing and able to take effective action against our current economic challenges.

We are a group of businesspeople and elected officials who understand the long term consequences of excessive state spending and consequent tax increases. Are you aware that despite well publicized spending cuts and tax increases last year, Delaware government still spends about \$8 billion annually and is facing continuing major deficits?

Even more important, spending has been increasing far faster than inflation. This means higher taxes and a lower standard of living for you, your children and grandchildren. It means more and bigger government using our tax dollars to control our lives. Colin Bonini understands this and has plans to use the powers of the Treasurer's office to do something about it.

Ken and Ann Simpler have generously offered their home for this major fundraiser. There is no charge to attend, but once you've heard what Colin stands for, we hope you'll join us in making a maximum contribution of \$1200 or as much as you can afford.

Please join us to learn the critical importance of the office of State Treasurer. Meet Colin Bonini and find out what his plan is to return Delaware to fiscal stability, using the powers of the office of State Treasurer.

Once you've talked with him, we feel strongly you'll want to join us in supporting Colin Bonini for State Treasurer. Let's help him lead us back to financial health and a growing economy.
