Dear Public Employee.

With the election just a few days away, I wanted to take a moment to remind you briefly of my record and to share with you a major concern I have with my opponent's plan for the office of State Treasurer:

- I voted **AGAINST** the pay-cuts for State Employees and offered an Early-Retirement plan that would have solved our budget problem without layoffs or pay-cuts.
- My opponent, Chip Flowers, is supported by politicians whose proposed "solution" to our budget crisis ~~was to cut your pay by 8%.~~
- My opponent, Chip Flowers, in his "bold plan" for the State Treasurer's office actually advocates potentially *holding off on paying vendors and employees depending on his opinion of Delaware's economy*. I'm not making this up! It was on his website and he has talked about it at numerous public assemblies. He actually advocates potentially **HOLDING YOUR PAYCHECK AND NOT PAYING YOU ON TIME**, if he so chooses.

Obviously, I cannot support such a radical proposal. You deserve to be paid when you are supposed to be paid and that's what you should expect from your State Treasurer.

I thought you should be informed of these facts before voting on Tuesday. As always, please don't hesitate to call me if I can help you in any way and **Thank You for your Service**.

Colin
